EXPERIENCE

Liferay LATIN AMERICA LTDA.

Backend Assoc. Software Engineer

Apr 2025 - Present

Recife, PE

- Spearheaded backend development and maintenance for Liferay-based products within the Business Process Management team (Product Patcher for Customer Support and Product Delivery). Architect Liferay Objects and Workflow Definitions to automate enterprise processes. Design REST APIs with Swagger and lead complex DXP migrations, ensuring upgrade process and data integrity.

Liferay LATIN AMERICA LTDA.

Backend Software Engineer Intern

Sep 2024 - Present

Recife, PE

- Liferay Software Engineering Intern (Core Upgrade Team). Developing enterprise Java/OSGi solutions & DXP migrations. Expertise: Spring, Docker, & PostgreSQL. Enhancing search with Elasticsearch & testing with Playwright. Focused on CI/CD automation & scalable architecture for global clients.

Voxar Labs

Undergrad Intern

Oct 2023 - Jul 2024

Recife, PE

- Conducted initial data analysis, including cleaning, normalization, and augmentation, to understand data distribution and quality. Assisted in developing and training machine learning models using Python, libraries like TensorFlow and PyTorch, and agile methodologies like Scrum. Collaborated on an R&D project with HP International, developing interfaces.
